## INTRODUCING **SIERRA** FREESTANDING, BACK TO WALL OR CORNER BATH

The Sierra freestanding bath introduces an unparalleled level of versatility with its sleek, vertical design allowing it to sit equally well in a corner, against a wall or taking centre stage!

This opens up a wealth of opportunity for many whose bathrooms are not quite as big as they would prefer – the bath can be positioned in the most convenient, space-saving position. The slender edges and straight walls emphasise the delicacy of the piece – another virtue in a tight space.
