

Signature™ Collection  
Heralding a New Era

# Signature Collection™

## Soft Geometric Simplicity

Born from a medley of geometrical shapes, pillowed surfaces and defined edges, the Signature™ collection is based on a Superellipse, a culmination of the American Standard Frame and Pillow signature elements, that translates elegantly into the thin edges and soft curves of the entire collection.

## Soft Minimalism.

Experience the true engineering superiority of Signature™ collection. With smooth curved joints and seamless finishing, there is no compromise on design and functionality.

## Pure Simplicity of Form.

The iconic geometrical shape translates elegantly into the soft curves of the Signature™ collection. This design is as much as a breakthrough as an engineering marvel when we materialize the curves into our collection with precision and durability.

## Form and Function.

The Signature™ toilet embodies the essence of functionality and simplicity of form. Soft-touch push button, CrystaSleek toilet seat and cover for that sleek look. The HygieneClean system will keep your toilet safe, clean and stain-free with Double Vortex flushing, ComfortClean and Aqua Ceramic.
